# Hello Spring!

Sale Starts Wednesday, Feb. 26 -  
Sale Ends Thursday, Mar. 13

## Spring is on Our Minds!

We can hardly wait to get our hands in the soil again! Is it too early? March is the time to plant some cool-season vegetables! Cool-season vegetables are hardier varieties that tolerate – and even thrive – in the cold soil of early spring.

March is a good time to amend your soil, apply your first lawn fertilizer of the season, and get your seeds and bulbs for this year.

**Meet the Experts at Echter's weekends in March**

See our schedule of gardening classes on page 6.
